Zaira Tours and Travel has launched a new website as an effort to equally disseminate information to its clientele through the web. The new site is an interactive page where all online visitors can be able to directly contact the physical office, place orders and make online reservation. The website also present an accurate picture to the clientele about the zones they are about to tour or visit. With HD graphics, the site expresses the beauty of Kenya's tourist destinations, holiday sites and rich culture all at the intest of prospective customers.

To get a full glimps of Kenya, you are advised to check on the photo gallery intergrated in this site.

ZTT is welcoming views and opinions from all well wishers and clients to help us make this site more attractive, effective and informative.
